SUBJECT INDEX

A

Acute myocardial damage, serum glutamic oxaloacetic transaminase activity as an index, 25:333
Aortic insufficiency, surgical correction, 24:287
Arterial degenerative disease and arterial grafts, 24:273
Atrial fibrillation, hemodynamic consequences, 25:351
Auscultation of the heart, 24:303

B

Bacterial endocarditis, prevention of, 25:365
Ballistocardiography, 24:277

C

Calcific aortic stenosis, 25:343
Carcinoid tumors, cardiovascular manifestations, 25:337
Cardiac arrest during surgery, 24:269
arrhythmias, and syncope, 24:259
arrhythmias, treatment with quinidine, 24:299
patients, functional capacity and exercise tolerance, 25:321
Cardiovascular manifestations of carcinoid tumors, 25:337
Congestive heart failure and mercurial diuretics, 24:263
and the liver, 25:307
Control of streptococcal infections in prevention of rheumatic fever and bacterial endocarditis, 25:365
Coronary heart disease and mode of life, 25:317

D

Digitalis therapy and intoxication, 25:311
Diuretics, mercurial, in congestive heart failure, 24:263
Dyspnea, 25:347

E

Exercise tolerance and functional capacity of cardiac patients, 25:321
Extremities, vasoconstrictive and vasodilative syndromes, 25:355

F

Functional capacity and exercise, cardiac patients, 25:321

G

Grafts, arterial, in degenerative arterial disease, 24:273

H

Heart, auscultation, 24:303
Hemodynamic consequences of atrial fibrillation, 25:351

J

Jones criteria (modified) in diagnosis of rheumatic fever, 24:291

L

Leg pains, rheumatic and non-rheumatic, 24:295
Liver in congestive heart failure, 25:307
Low salt syndrome, 24:283
Lymphedema, medical management, 24:255

M

Mercurial diuretics in congestive heart failure, 24:263
Myocardial ischemia, non-atheromatous and uncommon causes, 25:329

N

Non-atheromatous and uncommon causes of myocardial ischemia, 25:329

P

Physical activity during convalescence from rheumatic fever, 25:361
Prevention of rheumatic fever and bacterial endocarditis, 25:365

Q

Quinidine and cardiac arrhythmias, 24:299

R

Rheumatic fever and leg pains, 24:295
diagnosis, 24:291
physical activity during convalescence, 25:361
prevention of, 25:365

S

Serum glutamic oxaloacetic transaminase activity in acute myocardial damage, 25:333
Surgery and cardiac arrest, 24:269
in aortic insufficiency, 24:287
Syncope and cardiac arrhythmias, 24:259

V

Vasoconstrictive and vasodilative syndromes of the extremities, 25:355
